

PRO MOVEMENT BASKETBALL REVIEW:

PRO Movement,

You and your program was the best thing that ever happened to my family and me. I am so glad I followed through with the process and never gave up. YOU never gave up on me, even when I started to give up. You gave us hope and that hope turned into a blessing. I thought I would end up going to college for another sport, or even being a regular student on campus. But, you made me realize that basketball is where my heart is and I should continue to pursue my dreams and do what I love.

You continued to search and put me out there, and found me the greatest opportunity that changed my life! From the jump, it was constant communication and I could see your drive to want me to find a new home for the next few years. You are the best, and I'll NEVER forget, COMMUNICATION IS KEY! Now I am officially a Truett-McConnell LADY BEAR 😊 !
